

Dear COSME 2020 participants,

In light of the upcoming event, we would like to share with you advice on how to prepare for your participation and presentation of your papers at the conference.

- All presenters who wish to test their connection and make sure everything works as expected can join a trial session which will be organized on Wednesday , October 7th, from 14:00-16:00 (GMT+2), for testing purposes only;
- The link will become active 15 minutes before the each activity begins. Please login at least 15 minutes before 10 AM when the Opening Ceremony is scheduled to start.
- The Opening Ceremony will be followed by the Plenary Session and then by the Regular Sections within which authors will be invited to present their papers. By default, all microphones will be automatically muted and all chat options will be disabled by the administrator. As soon as a Regular Section begins, these options will become active;
- The regular presentations will be organized in parallel sections, according to the COSME Program. Presenters should log at least 10 minutes before their designated section begins;
- A Chairman will announce the presenters, notifies speakers if they exceed their allocated time limit (10 minutes presentation+5minutes Q&A), leads the Q&A sessions at the end of a section and be there to provide assistance to the participants.

We are looking forward to meeting you online, hearing your presentations and having fruitful discussions about many interesting topics of the papers submitted to the COSME 2020 conference!
